*** *** ***

The District Court Buildings at Mangalore are situated on a hill and the approach ghat road leading to it is in such a bad condition that even the movement of vehicles is found difficult and unsafe . The pedestrians also find it hard to use the road to go to Civil Court due to ruts and sharp pebbles. An estimate amounting to Rs.8,340/- for "Black top surfacing the northern approach road" was sent to the District Judge, Mangalore for counter-signature and obtaining the administrative approval of the Government. The District Judge has often pointed out the necessity of carrying out this work immediately and he has already addressed the Secretary to Government, Public Works Department to authorise the execution of work in 1954-55 vide copy of letter Dis.No.1371 of 1954 dated 1--3--54 enclosed. I therefore request, approval to take upthe work immediately in anticipation of allotment of funds in the Civil Works budget as the work has to be completed before out break of monsoon or else unnecessary heavier expenditure will have to be incurred for repairing the road with incessant complaints from occupyind departments.

In forwarding herewith a copy of the High Court Proceedings referred to above, I am to request that the Chief Engineer, Public Works Department may kindly be instructed to authorise execution of the above work in 1954-55 and co municate a copy of such authorisation at an early date to the Executive Engineer, Public Works Department, South Kanara Division, Mangalore in order to enable him to takep up the work in April next. The work is of an urgent nature. The condition of the road in question is so bad as to render movement of vehicles difficult and unsafe. It is full of ruts and sharp pebbles so that even pedestrians can hardly use the road to go to the Civil Courts. Portions of the parapet wall have also fallen here and there, rendering it dangerous to cars and pedestrians. I therefore request that the matter may please be treated as very urgent. The estimate for the work has been returned to the Executive Engineer, P.W.D., South Kanara, Mangalore.
